

Chocolate coin bag

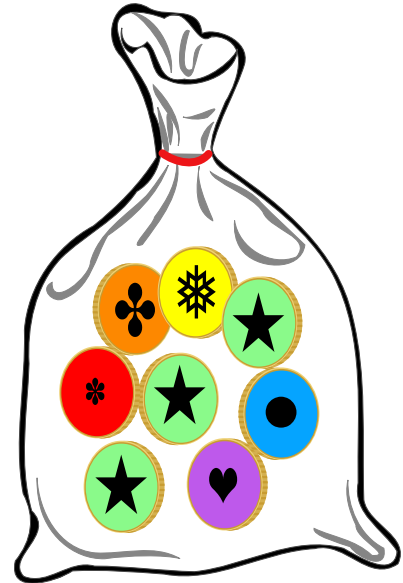

The Easter Bunny decided to give children bags of chocolate coins instead of eggs.

There are only four types of chocolate coins. Some coins are the same on both sides and some are not. The images below show both sides of the wrapping on each type of coin.

Saoirse received the bag on the right.

Saoirse shook her bag, and then placed it next to three other bags of chocolate coins that her friends received.

QUESTION

Which is Saoirse's bag of chocolate coins after it was shaken?
