

Pumpkin map

Teacher made a treasure map for hidden Halloween treats for her pupils. These are the instructions for the map:

Symbol				
Meaning	Start here and follow the tip to the next field	Continue to the next field in the direction pointed to by the symbol	When you reach this field for the first time, follow the direction of this symbol, otherwise ignore the symbol	When you reach this field for the second time, follow the direction of this symbol, otherwise ignore the symbol

There are four pumpkins on the map but only one is filled with treats.

QUESTION

Which pumpkin is filled with treats?

Pumpkin A

Pumpkin B

Pumpkin C

Pumpkin D
