

# Beaver tournament

Krešo watched a tournament of races. Eight runners started. In each race there were two runners, and the winner went forward to the next race. Each runner wore the same number throughout the tournament. Krešo used numbered cards to represent each runner, and recorded the winners on the board below.

When the tournament was over, his younger brother Tomo took seven cards off the board.

## QUESTION

Who won the tournament?

- A. Runner 1
- B. Runner 2
- C. Runner 4
- D. Runner 8
