

# Tasty shamrocks

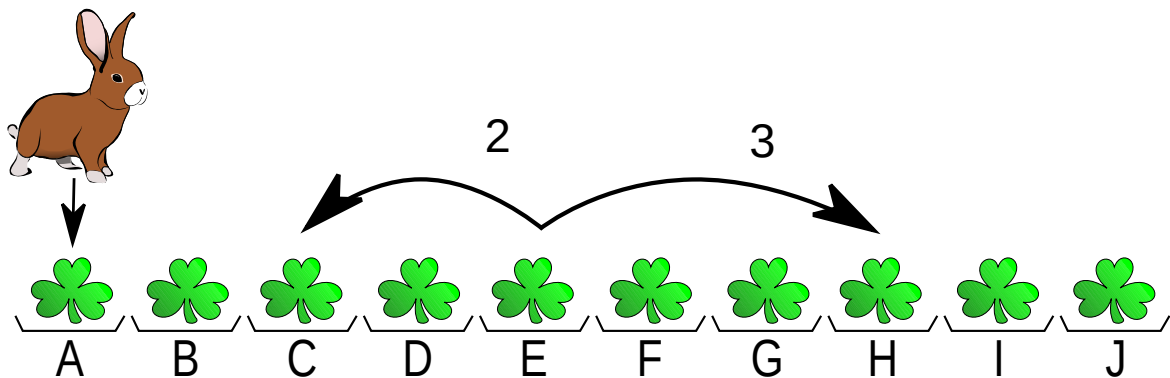

There are 10 plates in a row. There is one shamrock on each plate.

Bosco the rabbit loves to jump and eat shamrocks. First, he jumps onto the leftmost plate with the letter A. On each single jump after this, he either jumps forward three plates, or backwards two plates. (An example of the two possible jumps from plate E is shown with arrows in the picture.)

Bosco only jumps onto plates with a shamrock.

If he jumps onto a plate, he eats the shamrock on it.

## QUESTION

If Bosco eats all 10 shamrocks, which shamrock will he eat last?

A, B, C, D, E, F, G, H, I, or J?
