

# Funny windows

The windows of a boat are either clear or lightly tinted. Standing beside the boat you can look through two opposite windows at once. Depending on the colours of both windows they will appear to have a new colour:

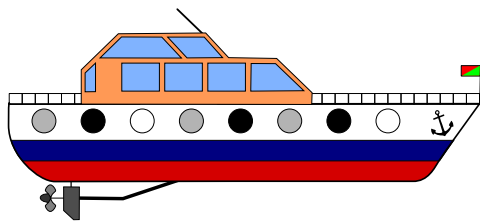

Captain Krysta has given you drawings of her boat showing which windows are clear and which are lightly tinted:

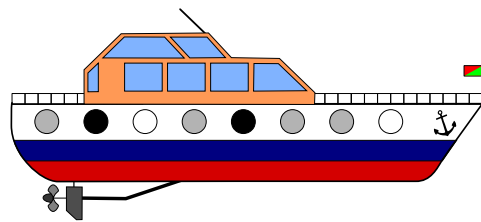

## QUESTION

What you would see if you stood beside it and looked through opposite windows?

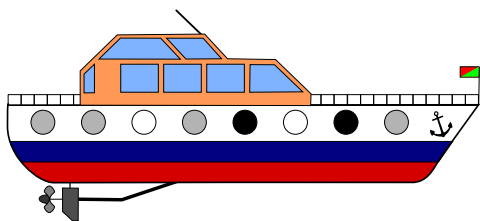

A.

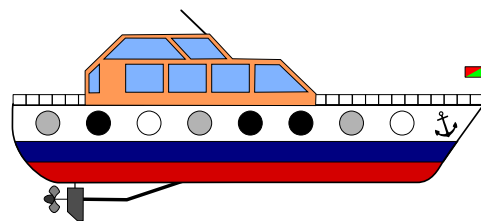

B.

C.

D.

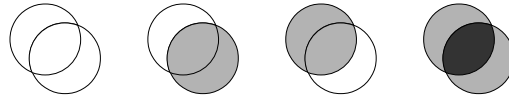

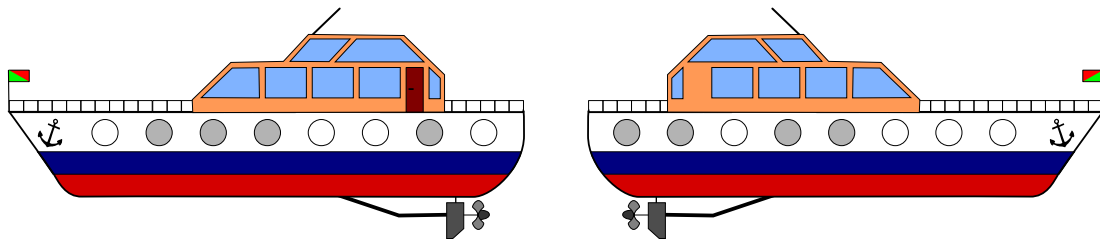

# Веселі вікна

Вікна човна прозорі або злегка тоновані. Стоячи біля човна, ви можете дивитися відразу в два протилежних вікна. Залежно від кольорів обох вікон вони матимуть новий колір:

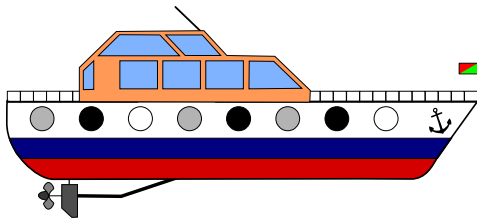

Капітан Кріста надала вам малюнки свого човна, на яких показано, які вікна прозорі, а які злегка тоновані:

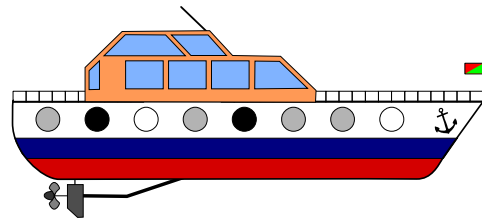

## ПИТАННЯ

Що б ви побачили, якби стояли поруч і дивилися у вікна навпроти?

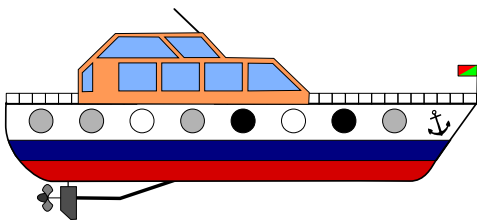

A.

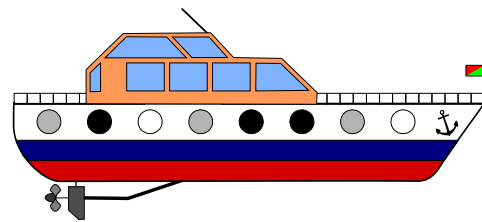

B.

C.

D.

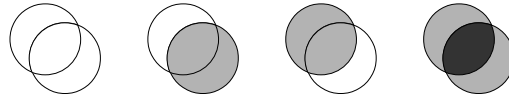

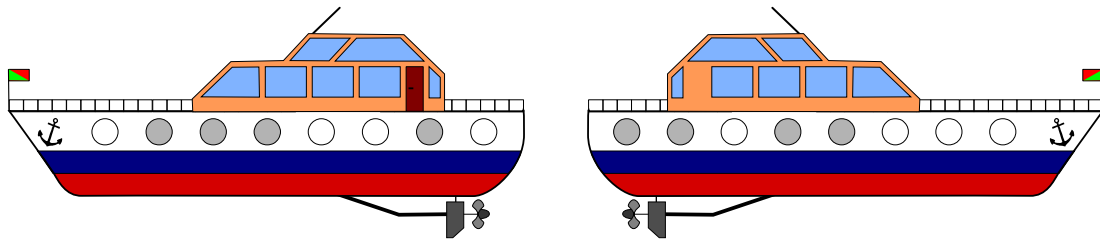

# Fuinneoga aisteacha

Bíonn fuinneoga báid trédhearcach nó bíonn imir éadrom orthu. Is féidir féachaint trí dhá fhuinneog atá os comhair a chéile ag aon am amháin agus tú i do sheasamh in aice leis an mbád. Ag brath ar dhathanna na bhfuinneog, beidh an chuma orthu gur dath nua atá orthu.

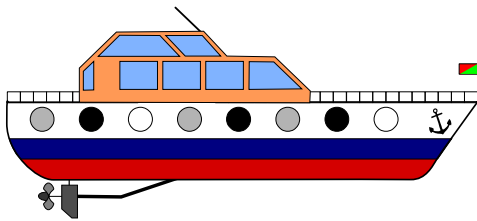

Thug an Captaen Krysta líníochtaí a báid duit a thaispeánann cé na fuinneoga atá trédhearcach agus cé na cinn a bhfuil imir éadrom orthu:

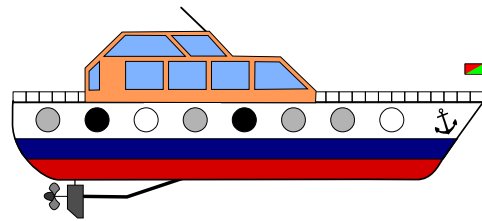

## CEIST

Cad a d'fheicfeá dá seasfá in aice leis an mbád agus dá bhféachfá trí na fuinneoga atá os comhair a chéile?

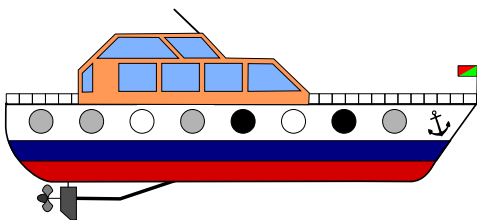

A.

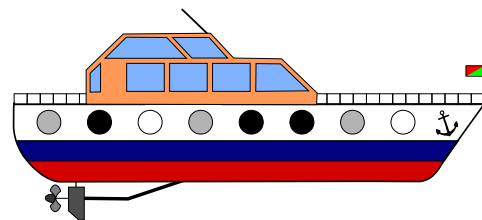

B.

C.

D.
