

Valentine's balloons

A shop sells ten different types of Valentine's Day balloons, each with a different numeral between 0 and 9. They come in three colours. The balloons are shown with the numbers in order below.

- 0 Red
- 1 Blue
- 2 Pink
- 3 Red
- 4 Blue
- 5 Pink
- ... etc.

Father wants to celebrate Valentine's Day with balloons that show the year 1986 when he and Mother first met in primary school.

QUESTION

What colour balloons show the year 1986? Make sure they are in the correct order.

- A. Blue, Red, Pink, Blue
- B. Blue, Pink, Red, Blue
- C. Blue, Red, Pink, Red
- D. Blue, Pink, Blue, Red
