

Valentine's meal planning

Raju is preparing a dinner for Valentine's day. He wants to make a starter and a main course. He has only 30 minutes to make both.

All the possible dishes and the preparation time for each are listed below:

 <p>Soup Preparation time: 15 min</p>	 <p>Poha Preparation time: 20 min</p>	 <p>Sandwich Preparation time: 15 min</p>
 <p>Roti Preparation time: 20 min</p>	 <p>Paratha Preparation time: 20 min</p>	 <p>Bhel Preparation time: 10 min</p>

QUESTION

Which of the following statements is False?

- A. If Raju makes Roti for the main course, he cannot make Sandwich for the starter.
- B. If Raju makes Paratha for the main course, he can only make Bhel for the starter.
- C. If Raju makes Soup for the main course, he can make Poha for the starter.
- D. If Raju makes Sandwich for the main course, he can make Soup or Bhel for the starter.
